U Conserve Survey Report

August 3rd 2018, 10:10 am EDT

Q4 - Select the features that you already installed in your home

Q5 - Select the ways you save energy at home

Q7 - Do you look at your energy usage printed on your bill each month?

Q10 - Rank the factors that make you want to save energy at home

Q13 - These devices control electrical loads remotely, they can be programmed to be turned off and on. Which one is best suited for your office?

Survey winners

Simpson	Dacia	simpsond@miami.edu	Turn off office lights when i leave for a meeting or for the day. And, sometime I work with the lights off in my office because the exterior office lights are super bright to allow sufficient lighting into my office to work comfortable.
Corral	Alicia	acorral@miami.edu	Turn off monitors every evening. Use the stairs instead of the elevator.
Medina	Daniel	dmedina@bus.miami.edu	Open shades to use natural lighting and turn off electrical lights.
